801-538-8680

The Utah State Legislature has provided \$8.5 million for the STEM Action Center to purchase supplemental math software for Utah classrooms. Your school can apply to use one of 8 technologies with your students. Come visit one of the Vendor Fairs listed below to learn about the products and the grant process. See firsthand these products that can complement what is being taught in the classroom.

STEM Action Center and USOE Representatives will be on hand to answer your questions.

Monday, March 17
