summit to colleagues

Friday Institute and **UEN** invite principals to participate in this free professional learning summit where you will experience:

- **Personalized Problem-Solving:** *Engage* with peers to address key challenges in the transition to digital and personalized learning.
- **Job-Embedded Training:** *Learn* with experienced principal coaches in key areas including: school culture and change management, professional learning, communication and community engagement, and learning spaces.
- **Tangible Examples of Innovation:** *Explore* tested leadership strategies and visit spaces of innovation.
- **Design Thinking Framework:** *Design* solutions for your own problems of practice, and reflect, ideate and experiment with mavens and peer leaders.
- **Continued Network of Support:** *Collaborate* with school leaders with similar challenges during the summit, and with a growing network of innovative leaders after the summit.
