GOOGLE INFUSED CLASSROOM MASTERCLASS*

Step by step you'll be introduced to the Apps and create meaningful lessons, templates, activities and resources to use in your classroom the next day. This one day workshop is *the* most transformational learning experience you can have to finally dig into the digital world of Google and transform learning in your classroom forever.

HYPERDOCS MASTERCLASS*

HyperDocs are innovative digital lessons capable of shifting the student learning experience. With HyperDocs, teachers maximize face time with students, better utilize devices, meet standards, and personalize instruction for any and all students. Teachers will learn how to leverage Google Apps and effectively use various web tools to become designers of instruction in their blended learning classroom.

GOOGLE CERTIFIED EDUCATOR LEVEL 2 BOOTCAMP

Learn how to maximize 21st century learning in the classroom. Explore and create purposeful blended learning lessons while enhancing student understanding of topics and concepts. Learn to organize course work and leverage the Internet to better meet the needs of an increasingly digital curriculum.

*includes a copy of the book from EdTechTeam Press
